What does my donation fund:

- The majority of all donations and adoption fees go directly to paying medical care and medications for the animals in the rescue.
- Donations also pay for food, bedding, collars, leashes, grooming, cat litter, supplements, and any other items needed for the care of our dogs and cats.
- A small percentage of donations go to admin costs including fundraising materials, website hosting, promotional materials (ie. signs, business cards), and gas/insurance for our rescue van.
